

NK Gathering Bali, Indonesia

In October, Hugo is bringing together the international communities of NK Institute to fortify the future of Neuroenergetic Kinesiology (NK).

This will be the first NK Gathering, and a milestone in our worldwide development. We will be establishing/considering topics such as: Practitioners; Trainers; Competencies; Accreditation; Management; Membership; Promotion; and the extensive growth of NK Institute.

We are very excited about this important, upcoming event. Stay tuned later in the year for information and feedback from this pivotal convention.

Nutritional and Naturopathic kinesiology

We held our first live information webinar earlier this month, which is available for viewing on our YouTube channel! This successful event was presented by Carrie Merchant, our Naturopathic Kinesiology NK representative and clearly showcased the amazing advantages of using NK as a complement to existing natural health modalities. We are now taking enrolments for both the **Professional Certificate in Nutritional Kinesiology**, and the **Advanced Professional Certificate in Naturopathic Kinesiology**. For more information please email: carrie@nkstitute.com
