Recognition of qualifications issued by other RTO's.

Recognition of qualifications issued by other registered training organisations is usually for purposes of entry into a qualification where another qualification or certain Statements of Attainment are a prerequisite to entry, or for part completion of a qualification based on Statements of Attainment for the units/modules already held by the student. It is mandatory that RTO's accept the qualifications and Statement of Attainments issued by other RTO's.

Recognition of qualifications issued by other registered training organisations does not require an RTO to recognise the qualifications/Statements of Attainment issued by another RTO for any purposes other than training with that RTO, such as licensing or employment arrangements and industrial award classifications.

Recognition of qualifications issued by other registered training organisations does have a limited lifespan. If the qualification/Statement of Attainment is currently listed on NTIS and is still a component of a qualification that the student wishes to undertake, recognition of qualifications issued by other registered training organisations must be given. If the qualification/Statement of Attainment held by the student has been superseded and is no longer on NTIS or is not the version required by the qualification into which the student wished to enrol, this policy does not apply. In such situations, recognition of prior learning would be the appropriate way to proceed.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) is available for all Units of Competency. The learning outcomes of each unit provide the RPL benchmarks. Candidates may receive full recognition or advanced standing for the competencies required for a course or module.

Students requesting RPL must obtain and lodge an application for "Recognition of Prior Learning" with the Principal. Successful applicants are notified promptly of the RPL outcome
